Subject: Acton Town Council Support for Sierra Youth Sports Efforts to Improve the Acton Ball Field Facilities

Dear Mr. Puett and Ms. Hagi;

The Acton Town Council wholeheartedly supports efforts by the Sierra Youth Sports Governing Board and by the members of Sierra Youth Sports to address the dilapidated state of the ball fields at the County facilities that were formerly used for rehabilitation purposes. The Acton Town Council understands how central Sierra Youth Sports is to this community and we would like to do all we can to support your efforts.

The Acton Town Council understands that you are in discussions with the County on this issue, and that you are reaching out to Supervisor Barger for assistance. The Acton Town Council is happy to collaborate with you on these efforts and will provide support in any manner that we can; kindly let us know how we can help and what we can do to assist you by sending us an email to atc@actontowncouncil.org.

A copy of this letter is being sent to Supervisor Barger and staff from her offices in Los Angeles and in Lancaster.

Sincerely,

Jeremiah Owen, President
The Acton Town Council
