

# Private Well & Septic System Operation and Maintenance

## Two-Part Community Workshop

### Part 1: Private Wells

10am - 12 pm

Do you want to improve your knowledge of private well systems or water treatment available for homeowners? This course is ideal for private well owners, who want a better understanding of well systems, how to perform a well assessment and better understanding of source water protection for private well owners.

**REGISTER: [bit.ly/41m0flH](https://bit.ly/41m0flH) or scan QR**

### Part 2: Septic System Operation & Maintenance

1pm - 3 pm

This workshop will educate owners on proper operation and maintenance of septic systems, common troubleshooting, preventive maintenance, and solutions. We will also discuss the benefits of establishing long term solutions such as On-Site Wastewater Management Programs.
