

RURAL WATER SUPPLY RELIABILITY PROGRAM

APPLY NOW!

WHAT: The Rural Water Supply Reliability program can *reimburse residents in Acton and Agua Dulce for recent hauled water costs*. There are also opportunities to *receive a free water storage tank* to have extra water on hand and a *free professional well assessment* to determine what is needed to improve a dry or underperforming well.

WHO: Private well owners in Acton and Agua Dulce, CA who are experiencing dry wells or reduced well production,

Any household or non-government property using a well is eligible to apply. Priority will be given to properties that have to go without well water the longest annually, as well as household income considerations.

****** The deadline to submit this application is June 27th, 2025 ******
